Since 20 is subject to the payment of compensation 1 A.C. for work eliminated. The compensation amounts to R. 1.728 Mils.

The person entitled to this compensation is dead - his heirs refused to produce an Oath of Succession contending that the sum to which they are entitled is not sufficient to cover the expenses of the Oath. There is some thing in what they say.

Government or rather the B.C. wishes to pay this sum + delete the charge. Can this sum be, ^{paid} according to regulation, as a deposit in the name of the B.

GOVERNMENT OF PALESTINE

IN REPLY PLEASE QUOTE

No. Case 379/Tulkarm.

DEPARTMENT OF LAND SETTLEMENT,
JERUSALEM.

31st December, 1940.

Director of Land Registration,

Subject:- Kadoorie School Grounds - Land
Settlement.

1. Note

The Kadoorie Agricultural School Grounds at Tulkarm were claimed at Land Settlement in the name of Government as one single parcel No.12 of block 8175 — but the Settlement Officer was informed that, although Government is in possession of the area since 1927 or perhaps from before that year, the expropriation of certain shares, in some of the parcels shown on the Expropriation Plan Serial No.257/27, had up to the time of the claim of 27th September, 1939, not been completed, as shown on the attached list 'A'.

2. (a) Counter-claims were lodged in respect of the unexpropriated shares in plots 1,3,28 and 30 in accordance with the above mentioned plan as shown on the attached list 'B'.

(b) Counter-claims were further lodged for small areas of original plots 31 (parcel 7A and 7B) & 29 (parcel 9A and 21A).

(c) No counter-claims were lodged in respect of the unexpropriated shares in plots 4,6,8,20 and 25.

3. In regard to (a) the claimants accepted the offer made to them by the Attorney General's Representative to surrender their rights against payment of compensation as set out in the attached list 'A'. The Settlement Officer decided to register these shares as part of the Kadoorie Agricultural School Grounds in the name of Government with a charge as above in favour of the claimants.

4. The counter-claims under (b) are for small areas of land expropriated by Government in accordance with the above plan but which were left outside the fence built in 1928 by the Public Works Department. It was not denied that the claimants were in uncontested possession since 1928. As the fence follows a more regular line than the

original expropriation line, and further as it is not worth while to move the fence from its present position, the Settlement Officer considered the fence as the northern boundary of the School Grounds and added these small areas to the parcels of claimants. The Attorney General's Representative agreed that this was the only practical course to take.

5. The shares under (c) were incorporated by the Settlement Officer and registered in the name of Government under Section 29 of the Land (Settlement of Title) Ordinance, as part of the Kadoorie School Grounds. No charge on account of compensation was entered by the Settlement Officer against these shares because no person claimed them before him.

Reference:- Your letter No.16/38-18
of the 26th March, 1940.

In your above quoted letter you refer to my two letters No.LD.3/3/A of the 21st March, 1940 and No.LD.3/3 of the 23rd March, 1940. presumably under the impression that both my letters refer to the same plot.

2. The fact is not so, as my first mentioned letter is in respect of plot No.1. of the second expropriation while the other letter is in respect of plot No.1. of the first expropriation.

3. Your above quoted letter together with the extracts of registration attached thereto refer only to plot No.1. of the second expropriation and I am still awaiting your report in respect of plot No.1. of the first expropriation. This latter plot was, at the time of expropriation, claimed by Haj Saleh Shaker and Khader Abu Rouss.

Mr. Horton.

This is a very complicated case and, in order to clear it up once and for all, I suggest to make the following:-

(a) Filing.

Several jackets containing all sorts of correspondence are to be examined. It will be easier for checking, if the existing files are separated so as to have a separate sub file made for each transaction or perhaps for each parcel acquired, whichever is more convenient; as it happens sometimes that one parcel is acquired in more than one transaction.

(b) Plans.

Copies of the plans relating to this expropriation will be obtained for indicating thereon what parcels or parts of parcels have already been acquired.

(c) Certificates of Registration.

A statement showing all the Certificates of Registration in possession of the Commissioner of Lands & Surveys is necessary.

(d) Payments.

A statement from the Vote Book showing the payments made on account of this expropriation is also necessary.

It will then become possible to make a proper checking and determine what parcels have got to be acquired and what is the estimate cost.

The statement for the Crown Counsel will then be made on the basis of these findings.

If you concur, I will prepare a scheme for the new filing and with supervise the clerk

detailed for splitting the files and making
the new files.

(Sgt.) A. BARAKAT.

14/12/39.

Mr. Barakat

Agricultural School- Tulkarm.

This expropriation might now be cleared up.

I believe there are two areas involved, the original site and an additional area.

The first step is to determine what parcels in each site have yet to be acquired and what is the estimate cost. Then to Mr. ^Dendack to say whether funds are available or alternatively to ask for them.

Meantime examine files and prepare draft statement for the Crown Counsel.
